Subject: agenda for 11am

Mike,

Agenda for CA UIC Discussion

1. What are the big ticket items that we need to flag/discuss with Jared and the State
- Proposal for rulemaking process to impose requirements/deadlines (e.g., shutdown of disposal into sub-3,000 by Oct 2015; shutdown of all non-compliant wells by Feb 2017; other requirements?)
 - Proposal to allow new disposal wells into 11 formations, absent AEs
 - Absence of interim steps/milestones/deadlines (e.g., review of injection wells in Category 2 and 3; submittal of AE requests; collection and review of specific information for 11 formations; submittal of info/AE applications for wells affected by Oct 2015 deadline)
 - Other potential topics

- Continued lack of response to 2011 audit
- Timing on searchable database
- Absence of communications/outreach materials

2. Next Steps

- Meeting with State on Feb 20th (communication in advance)
- Formal response to State plan submittal
- Workshops
- Ongoing communication issues
